ACCESSORIES

ASPEN®
FUEL FOR PROFESSIONALS

ACCESSORIES

For easier, more secure handling

FILLING SPOUT FOR 5L CONTAINER

Fuel resistant, flexible, sealed filling spout that fits Aspen's 5L containers. Equipped with cap to protect against dirt and dust.

FILLING SPOUT FOR 25L CONTAINER

Fuel resistant, flexible, sealed filling spout that fits 20L and 25L containers. Equipped with cap to protect against dirt and dust, and venting, for a more even flow when filling. In addition to petrol, is also ideal for oils and detergents.

AUTOFILLER FOR 5L CONTAINER

Top up your machinery simply and securely to avoid spilling using the Autofiller. It has over-fill protection, and the rubber collar provides a unique vapour return system. The rubber collar also prevents spills. The Autofiller is ideal for Aspen's 5L container, can be rotated in all directions and fits all filler caps, including quick couplings.

KEY FOR 25L CONTAINER

Key for simpler and more straightforward opening. Fits 20L and 25L containers. Manufactured in impact-resistant plastic.

TAP FOR 25L CONTAINER

Fuel resistant tap in "aeroflow" version for optimum performance. Fits 20L and 25L containers. Equipped with a cap to prevent spilling and evaporation. In addition to petrol, is also ideal for oils and detergents.

DRUM PUMP FOR 200L DRUM

Fuel resistant barrel pump in plastic, which tolerates petrol, oils and weaker acids. Pumps on the siphon principle. Equipped with On/Off function for easy shut-off of the flow. Also equipped with a hose. Capacity: 26L/min.
